War Budget Increased To 70 Billions

Means Further Cut In Production For Nation's Civilians

Washington, April 25—(UP)—A \$14,000,000,000 increase in forecasted war spending for the fiscal year beginning July 1 today provided further incentive for President Roosevelt's forthcoming program to halt inflation.

Mr. Roosevelt was busy at work on the messages to congress and the nation he will deliver next week outlining his plans for controlling inflation—or, as he prefers to put it, further increases in the cost of living.

This program reportedly embraces more taxation, wage and rent controls, over-all price ceilings and, possibly, further credit curbs.

Budget Director Harold Smith prepared the way for the messages yesterday with the disclosure that war spending in the 1943 fiscal year will reach \$70,000,000,000. That will be equal to \$2,000 for each American family of \$256 for each man, woman and child in the nation.

The increase in the \$56,000,000,000 originally planned necessarily means further curtailment of civilian production and, if not countered, must result in greater buying power and further depletion of purchasable goods.

It is this excess of buying power over commodities on hand that causes the kind of inflation—or rising living costs—that the nation now is facing.

Smith's announcement followed a press conference that his 1942-43 war production program is progressing extremely well although some termed it "fantastic" when it was initiated in January.

Behind In Shipping
The program, calling for 185,000 war planes, 120,000 tanks, 55,000 anti-aircraft guns and 18,000,000 deadweight tons of merchant shipping is behind schedule in one category only—shipping.

War Shipping Administrator Emory S. Land blames the delay on a steel plate shortage and "loafing" by labor and management. Mr. Roosevelt thought the lag was due almost entirely to the steel shortage, but said Land's statement was a good burr under the tail of labor and management.

Smith gave some idea of what the new spending program, superimposed on the original estimates, will mean to the average family when he observed that approximately \$50,000,000,000 of the national income will be left for civilian use.

Such a sum, he said, will provide more of the necessities of life than

Patient 10 years Sues For Release

A petition for writ of habeas corpus was filed in the office of Circuit Clerk Albert Tetraut today by Attorney Frank Curran in behalf of John W. Geshner, a patient at Kankakee state hospital.

The latter, committed to the institution from Cook county on May 13, 1932 as an alcoholic, represents that he is now sane, completely restored to reason and entitled to discharge. Dr. George W. Morrow, acting managing officer of the institution, is named defendant in the suit.

American Air Service Is Keeping China Supplied

New Delhi, India, April 25—(AP)—An American air service employing both private and U. S. Army facilities is supplying China from India today with an increasing stock of essential military goods once carried over the Burma road.

Within a few months—certainly by next autumn—the planes will be delivering many thousands of tons monthly of approaching the capacity of the mountainous old truck road winding between Lashio and Kunming, declared an American assisting in the operations.

Only the highest priority material now is being flown in, but it includes all varieties of small arms, light ammunition, tools, machinery and medical supplies.

Aerial movement of most essential supplies was made necessary by Japanese occupation of Rangoon, the Burma supply port, which cut off the most direct connection with the Chungking government's bases.

Case Amazes

While being held by Brooklyn, N. Y., police on charges of criminally assaulting a woman, Eugene Levine (above), allegedly confessed to making between 70 and 80 such attacks on lone women in apartment house automatic elevators. Levine, six feet tall and weighing 230 pounds, is married and is the father of one child.

48 Kankakee Men Of Co. L On Pacific Isle

Officer Writes Of Movement Of Troops To Theater Of War

Forty-eight men who were former members of Co. L, the national guard unit here, are among the contingent of United States soldiers now stationed "on a large island in the Pacific," according to word received today by Mr. and Mrs. Clark Wright of Manteno from their son, Maj. William C. Wright.

Mrs. Wright, who recently organized the 32nd Division Woman's club, said a number of Kankakee mothers who have sons in this unit frequently stop at her home for information concerning their boys who do not always write as often as the mothers would like.

The Wrights themselves also have two other sons on this island, including Lieut. Howard and Sgt. Don Wright.

Escapes From Java
Maj. Wright, a plans and training officer, was surprised during his few days spent in Australia, to meet a captain who had escaped from Java with a bombardment squadron and with whom he had attended the officers' training school at Fort Benning, Ga., in 1937.

He writes that "the large south Pacific island" may be their theater of operations for some time. "Our job is going to be plenty strenuous to prevent a Jap invasion. . . . There were many ships in our convoy. We stopped first in Australia, redistributed our loads and took on additional war cargo.

"All ships arrived here safely. Right now it's a big race to get that cargo inland to protect it from possible Jap bombing which we have not had yet. We had a good trip over. Ships were very crowded, however. Do not get much time to write. Don't worry, though, we're getting along fine."

Colored Woman Stabbed By Her "Husband"

Liza English, 30, colored, of 683 North Hobble avenue, was a patient in St. Mary's hospital today suffering knife wounds in the side, and her common-law husband, Bither Gibbs, colored, was a prisoner in the city jail as a result of a family quarrel last night at the James Lentini tavern, 964 East Mulberry street.

The tavern operator was ordered by police to close his tavern until further notice.

The two quarreled on the street and also in the tavern. Liza was stabbed in the left side, the wound just missing the lung. Liza attempted to stop Bither by pitching a bottle at his forehead. It caused a wound but he kept on fighting. Fred Gathling, colored, finally stopped the fight when he swung another bottle, hitting Bither on the back of the head and knocking him out.

St. Joseph Senior Play Will Be May 3

Twentieth century sophistication and 19th century conventions are sharply contrasted in "First Dance," to be presented by the senior class of St. Joseph's in the school auditorium May 3 at 8 o'clock.

Although the opening scene is the present time, it is necessary for the action of the play to delve into the 19th century in order to bring out the methods used by the old-fashioned girl to "get her man." Grandfather, who is a dominating force throughout the play, solves her modern granddaughter's romantic difficulties by a lengthy episode dealing with a "First Dance."

Postmaster's Job At Bourbonnais Is Open For Exams

The civil service commission has announced a competitive examination for the position of postmaster at Bourbonnais.

All applications for this exam must be in the commission office in Washington, D. C., by May 8. Date of the examination has not yet been announced. Full information and application forms may be obtained either at the Bourbonnais postoffice or the U. S. Civil Service commission in Washington.

Iron Lung Fails To Save Life Of Earl Rantz Of Otto Twp.

Earl Rantz, 22, of Otto township, died Friday afternoon in St. Mary's hospital after six days' illness of pneumonia during which he was treated in an iron lung brought from Kankakee state hospital. He suffered an attack of infantile paralysis 11 years ago.

Funeral services will be held at 2 o'clock Monday afternoon from the Rev. funeral home with the Rev. Bennehoff, pastor of the United Brethren church, Chenease, officiating and burial in Mount Grove.

Born May 1, 1919 in Bradley, the son of Arthur and Caroline, he leaves his father, sisters Mrs. Franklin Haigh and Mrs. Martha Webster of Chenease, Mrs. Lucille Perault of St. Anne, Dorothy and Evelyn at home, brothers Raymond, James, and Walter of Chenease, Daniel of Camp Forrest, Tenn.

Friends may call at the funeral home Sunday and Monday.

Kiwanians Dine At College Monday

The Kiwanis club will make its annual visit to Olivet college Monday noon.

The clubmen will have lunch with the students in the college dining hall. Dr. Laurence Howe, Kiwanian and vice president of Olivet, is in charge of the program.

Automobiles will leave from McBroome's cafe for the college at noon.

K. of C. To Receive Communion In Body

The annual communion of St. Vincent's council, Knights of Columbus, will be held at the 7:30 o'clock mass Sunday morning in St. Rose church. The members will meet at the clubrooms at 7 a. m. and go to the church in a body.

Following mass, the group will return to the clubrooms where the lecturer will have breakfast ready. A short program will be held after breakfast, according to Joseph Santolucito, chairman of the Catholic activity committee.

City Defense Council Seeks Headquarters

Need Downtown Location, 1st Floor, With Free Rent

The civilian defense corps of the Kankakee Defense council is rapidly organizing the various branches of emergency services for the protection of the Kankakee area in the event of any emergency that may arise.

Emergency fire, police, air raid, medical, public works and utility service heads are shaping up their organizations.

Some volunteers will be asked to register to participate in this program. It is estimated that it will require about 1,500 people in the various divisions. The Kankakee Defense council meets each Monday night at the chamber of commerce office to plan this work.

Need Downtown Site

One of the greatest needs at the moment is a headquarters. The regulations require that they must be centrally located, preferably in some public building. The council is without funds and they must therefore get "rent free" quarters. These headquarters will contact the control center. All orders will be issued from this control center when any emergency arises. The government insists that this control center be set up and be in readiness.

The headquarters should preferably be on a ground floor with one or two floors above which would serve as protection in case of air raid. Defense council officials hope that some property owner or organization will donate the use of quarters for the duration of this emergency.

Names Chairmen
C. A. Rollison announces additional appointments as chairmen of the various committees as follows: War fund appeals, Art Beckman; publicity, Whit Ferris; speakers' bureau, Wayne Dyer; women's activities, Eva Minor; volunteer registration, Art Wunderlich.

3 Kankakeeans in Pershing Rifles

Three young men from Kankakee who are students at the University of Illinois have been chosen for membership in Pershing Rifles, professional honorary military fraternity for outstanding cadets in the basic course of the University R. O. T. C.

They are Marvin Marohn, 605 South Evergreen avenue, and L. Wayne Smith, 415 South Chicago avenue, cadets in the cavalry, and William Kraus, 417 South Myrtle avenue, a cadet in the coast artillery. They were chosen because of their "personal merit, military knowledge, bearing and general qualifications."

Former Aide Of Gov. Len Small Is Dead

Mrs. Myrtle Britz, 866 South East avenue, has been called to Danville to attend the funeral of her brother-in-law, Attorney Charles M. Crayton, 69, of Danville, who died Friday in Hines hospital.

He was master in chancery of Vermilion county and a Spanish American and world war veteran. During the administration of the late Gov. L. A. Small, he served as a departmental chief in Springfield.

The funeral will be held at 2 o'clock Sunday afternoon from the residence, 402 Robinson street, Danville.

Born Nov. 9, 1872 in Hillsboro, he leaves the widow and three daughters. Other relatives here are Mrs. Donald Paquette of Manteno and Dorothy, Agnes and Elizabeth Britz.

Torpedoed Ship Reaches Port

"Undoubtedly torpedoed" off Cape Hatteras by an enemy submarine, according to the United States Navy, the 8,000-ton Argentine tanker Victoria is pictured above after she had made her way safely to New York despite damage caused by the explosion. Argentina is a neutral.

Allied Planes Center Attack On Jap Bases

Heavy Damage To The Enemy's Equipment And Field Reported

General MacArthur's Headquarters, Australia, April 25—(UP)—American and Australian planes centered their bombing offensive yesterday on the Japanese airbase base at Lae, on the Huon gulf of New Guinea, Gen. Douglas MacArthur's general headquarters communique said today.

It was believed that heavy damage was done to enemy planes, the runways of the airbase and barracks and buildings.

Seven Japanese Navy-O fighter planes attempted to raid Port Moresby, on the Australian side of New Guinea, yesterday but were intercepted by Allied fighters and fled after a short, fierce fight, MacArthur said.

Village Burned
The communique revealed that the Japanese in their first foray in recent weeks from their Huon gulf bases had sacked and burned the peaceful New Guinea native village of Kanikun.

In the Philippines, the communique said, Corregidor continued an artillery duel with Japanese batteries and Japanese continued their air-land attacks on the Manila bay fortress.

It was added that no change was reported in the situation on Panay and Mindanao islands in the Philippines.

Gen. MacArthur in his first public appearance since his arrival here last month took part today in a memorial ceremony at the "Rock of Remembrance" at Melbourne, dedicated to Australians killed in the last war.

Today was a solemn holiday, as usual. There were no sports throughout the day and bars and most theaters were closed. War veterans gathered to drink toasts in tea instead of wine or liquor, as is the custom on this day of remembrance.

Additional Draft Registration Sites In County

Only half of the townships in which men aged 45 to 64 are to register Monday under the selective service and training act were published in Friday night's edition, due to an error of omission.

The remainder of the townships, in all of which registration is supervised by E. J. Reising of Mokena, chairman of selective service board No. 2, are as follows:

Aroma—Aroma Park high, Principal Harvey Wortman.
Otto—St. James school at Irwin, the Rev. William Granger.
Pilot—Herscher high, Principal Harry L. Ryan.
Newton—Buckingham grade school, Principal Russell Maus, Dr. Reddick high, Principal George O. Main.
Essex—Reddick high, Principal George O. Main.
Salina—Bonfield grade school, Principal Henry Crawford.
Edmore—Bonfield grade school at St. James school at Irwin.

Classify 6 Men In Draft Board No. 1

Classifications of six registrants of selective service board No. 1 were announced today following a meeting of the board last night.

Placed in class 1-A were Maurice Adell McCann, order No. 1879, and Burl Paul Shepard 2396.

In class 1-C (already in the armed services) are Jack Grove Shrepper 2891, and Paul Francis Givens 8-3384.

Listed in 4-F were LaVerne Paul Fraser 58, and Charles John Gingrich 396.

No Damage Found In 3 Fire Alarms

Firemen answered three alarms Friday afternoon and this morning, but no damage was reported in any of the calls.

At the residence of Fred James, 1227 South Third avenue, they found a choked furnace producing unwanted smoke. At the apartment house occupied by four families at 1192 South East avenue, they investigated smoke but found no fire.

At Indiana and Merchant streets this morning, they were called to extinguish a fire in the auto of Fred Hattling, 455 1/2 North Indiana avenue, but found only a shorted radio wire under the dash.

Sub Built On Great Lakes Launched Soon

Milwaukee, Wis., April 25—(AP)—The first submarine ever built completely on the Great Lakes will be launched Thursday, April 30, at a Wisconsin shipyard, the navy announced today.

The submarine will be christened the U. S. S. Peto by Mrs. E. A. Lofquist, wife of Capt. Lofquist, U. S. N., chief of staff of the ninth naval district, in simple ceremonies attended only by naval officers, shipbuilding company officials and press representatives.

Submarine equipment and parts have been built in the Midwest in the past but the Peto is the first submarine to be completed and launched in inland waters. After the launching the Peto will be fitted out and undergo thorough tests before being accepted by the navy.

The Peto, like all submarines, is named after a fish. Petos abound in the tropical waters of the south Pacific and in the gulf stream off Florida where they are better known as "wahoos." The Peto is shaped like a swordfish but is smaller, yet extremely fast.

Kankakee High Girls Hosts At State Play Day

The Girls' Athletic association of Kankakee high school was host today to girls from Chicago Heights, St. Anne, Donovan, Onarga, Gilman and Clifton for a state play day.

Activities in the morning and afternoon included swimming, volleyball, softball and aerial darts. Officers of the G. A. A. are: Dorcen Larrigan, president; Mona Mann, vice president; Marilyn Palenske, secretary; Constance Goudreau, treasurer. Miss Anne Nichols, physical director, is the sponsor.

Youth Killed On Motorcycle At Grant Park

Machine Goes Out Of Control And Throws Driver To Pavement

Austin Edward Lauterbach, 18, of 3010 Chicago Road, Chicago Heights, was fatally injured Friday afternoon when the motorcycle he was riding went out of control and threw him to the pavement on the Dixie highway, about 2 1/2 miles north of Grant Park.

He died at the scene before a doctor arrived, according to information obtained by Deputy Coroner Louis Rivard who conducted the inquest this morning at the Hubbell funeral home in Grant Park. The jury determined that death was caused by a skull fracture accidentally received.

Lauterbach, who attended Bloom high school and was employed at night, had been to Sheldon to visit his girl and was returning to Chicago Heights to get his clothes and attend a prom in Sheldon last night.

No Cars In Vicinity
Art Heldt, farmer residing near the accident scene north of Grant Park, said he saw the youth go by but he apparently was not traveling at a high rate of speed. No cars were in the vicinity at the time.

Moments later, Heldt told Deputy Coroner Rivard that he heard a crash and went to assist the youth. His motorcycle had overturned but had not left the pavement. Skid marks on the pavement indicated he had attempted to apply his brakes. Heldt called Dr. R. J. Major who said death had already occurred when he arrived.

The body was removed today from the Hubbell chapel to Chicago Heights. Among those testifying at the inquest were Mrs. Bertha Martin, mother of the boy; Charles Kile, police officer, Heldt, Dr. Major and Perry Hubbell.

Draft System Has New Class Known As 3-B

For Men Engaged In Defense Work Or Having Dependents

Washington, April 25—(UP)—Local draft boards have been instructed to prepare for eventual induction of men who are now deferred for dependency and who are employed in non-essential activities, selective service headquarters announced today.

"War requirements may compel induction of registrants with dependents into the armed forces," the announcement said. Officials said that in some cases this probably would be "soon."

A memorandum instructed state selective service directors that men with dependents now should be divided into two classifications—3-A for registrants who are not engaged in essential war activities, and 3-B for men engaged in activities essential to the war effort.

However, officials emphasized that no unnecessary hardships would be worked by the new ruling, and that all available physically fit men with no dependents would be taken first.

"Those who are not engaged in essential activities (class 3-A) will be the first selected for military service when it becomes necessary to induct men with dependents," the announcement said.

Two Factors

Local boards were instructed to emphasize two factors in classifying men with dependents:
1. The "degree of dependency" which is determined by "the actual need of the dependent for the civilian earnings of the registrant, regardless of whether or not the dependent is working or is capable of working."

2. Whether the registrant's dependents were acquired "when the registrant had reason to anticipate selection for military service."

The memorandum also pointed out that "at present there is no justification for putting a man in class 1-A, or available for general military service, where there is a financially dependent wife, child or children."

Degree of dependency should be determined by the "measure of support which is considered adequate in accordance with the prevailing standards in the community at the time of classification or reclassification."

Hold 15-Year-Old Boy As Reckless Driver In Crash

Hearing in the trial of Harold Kepplin, 15, of 492 North East avenue, charged with careless driving was conducted last evening before Magistrate Edward Honnicks.

Kepplin and Harry Paul Voss, 17, of 175 North Greenwood street, were arrested by Officer Lawrence Boucher on Wednesday evening after their cars collided and damaged the parked vehicle of Walter Deuschle, 545 South Nelson avenue, in front of the latter's house.

Voss pleaded guilty and was fined \$8.25, but Kepplin demanded a trial. Represented by Attorney Vernon Butz, he claimed that Voss turned into him, hooking his car's bumper in the Kepplin fender and causing the crash. Voss, however, declared the opposite was true. The Voss car was thrown against Deuschle's vehicle. State's Attorney Joseph Tolson conducted the prosecution.

The case was continued to give attorneys time to present their closing arguments later.

RAF Blasts Axis Western Front Targets

900,000 Pounds Of Bombs Dropped On Nazi Plane Plants

Great Britain's aerial armada pressed unprecedented attacks on the western front today with heavy raids on the Rostock airplane and naval works. The Flushing submarine base and other targets on the European coast.

Almost 900,000 pounds of bombs were dumped on the Heinkel airplane plant and the Neptune ship yards at the important Rostock port on the Baltic coast, as the RAF renewed day and night attacks designed to break up Hitler's supply lines to the Russian front. Rostock also had been raided Thursday.

The Flushing submarine depot was attacked by 500 or 600 bombers and fighters while reconnaissance planes reported that damage done at the German Baltic port was of a much earlier this week was comparable to any Nazi air attack.

"Lubeck" to describe a devastating attack appeared in the picture. The RAF in terminology before the German destruction of the "Coveture," which became familiar after the German destruction of the Coventry in England.

The British bomber squadrons also smashed at Dunkirk and other targets in the low country. Heavy daylight raids against northern France, where strong German forces are being assembled for a possible offensive against the English coast.

Over the last night the British said they lost 10 bombers and inflicted a heavy percentage of loss in view of the fact that hundreds of German fighters were shot down.

One purpose of the intense attacks in addition to slowing down the German war effort is to encourage greater resistance to the Axis in occupied Europe, and to continue to pressure German officials in London indicating that guerrilla and underground opposition was increasing.

Royal Air Force fighter planes, flying high over the Channel, were seen to drop bombs on a target area for a sweep over France after a big raid.

Earlier, coastal watchers had heard the German guns firing in the Cape of Good Hope area and had seen British fighters flying back to base after a morning attack.

Then they heard the roaring motor of a bomber plane flying high in the sky. The plane was seen to drop bombs on a target area for a sweep over France after a big raid.

PEACONEERS BRADLEY VALLEY PEER

Landeck Hurls Champions To 12 To 0 Victory

Peotone, April 25—(RN Special)—Peotone high school's baseball team, Peotone champions, pried the lid off the 1942 season here Friday night with an impressive 12 to 0 victory over Bradley. The game was also Bradley's conference combat of the season.

Arnold Landeck, Peotone's talented pitcher who led his club to the championship last season, was in fine form yesterday. He let Bradley down with three hits and fanned 13 during the course of the afternoon.

Wassell starts for Bradley. He was wild and walked in several Peotone runs. He fanned six. Kinney pitched the last inning for the losers.

Peotone pitched over five runs in the first inning, one in the second, two in the third, three more in the fourth, and ended its scoring with a three-run fifth. The Peotone sides pitched a splendid game. Landeck shared high honors with McGarrick, each having a pair of safeties.

Peotone's catcher, shortstop, collected two of Bradley's three errors.

Indiana, NYU Duel For Team Title In Penn Relay Show

Philadelphia, April 25—(UP)—Indiana university—sporting the greatest relay team since the golden days of Don Lash—goes out on Franklin Field's sun-baked turf today to battle New York University's defending champions in the 48th annual Penn relay show.

Carrying the majority of the Hoosier hopes is Campbell Kane, a gangling four-head with flying feet who put Indiana one up on the Violets yesterday by winning the distance medley relay. In a stirring stretch duel with NYU's Leslie Mitchell.

The hopes were justified further when it failed to win the sprint medley—with Kane once again against Mitchell's his, but this time their heat. But Penn State, Syracuse and Seton Hall, running in the second heat, and Indiana and NYU out of the money, by finishing in that order on individual times better than any time before.

Indiana attempts title defenses in the one and two-mile races today and NYU is the defending champion in the four-mile relay, in which the Hoosiers are regarded as a runaway favorite.

Catching a Few Off First:

Pat Harmon, Champaign sports editor, writes: "Come word of two high school athletes in eastern Illinois this fall, they are Jack Redman and Wayne Foley, who have played end and fullback in his high school days, and Ed Heine of Kankakee, a center, Redman weighs 185 pounds and is a basketball player of some ability, having made 34 points in one game this year. Foley, a halfback, is a small but fiery type. He is willing to throw his 175 pounds against any opposition. If the three are here in the fall, the state university will have the cream of the crop in the South Suburban conference from the 1941 season—Frank Buman, Thornton end, and John Padjen, Calumet center and guard, and Heine."

The foregoing paragraph was published Thursday evening, and until Wednesday night Heine had not decided on where he would attend college. For some time he has been between Illinois and Indiana, and he still is evidently pondering between the two.

Don Morris, Streator's four letterman, will matriculate at Notre Dame in the fall. Fred Young, Bloomington sports writer, says Morris appeared to be a high class first baseman in his exhibition at Bloomington last Saturday and he also looked like a good hitter. Young says Streator has at least four boys who can go in college. He is a small but fiery type. He is willing to throw his 175 pounds against any opposition. If the three are here in the fall, the state university will have the cream of the crop in the South Suburban conference from the 1941 season—Frank Buman, Thornton end, and John Padjen, Calumet center and guard, and Heine."

Don Anderson, whom many of the athletes will remember as a player with the Kankakee professional basketball team, has been elected president of the Illinois Athletic Union.

Where were the favored University of Texas? Well, the Longhorns, seeking to protect the 3,223 mark by Texas last year, finished third behind the stirring Sooners and Michigan's Wolverines in a race in which Oklahoma appeared to have the lead. But the Longhorns, who had won the show position until Loda took over.

New Drake marks went to the Prairie View (Texas) State Teachers college, who had won the college sprint medley and to Coe college with a 3:26 performance in the Iowa one-mile relay.

In the individual events, Virginia Alston of Miami (Ohio) university finished sixth in the 200-yard dash, and she was the only one to break through a half mile in 1:47.

While C. W. Whitten, state manager of the Illinois High School association, released his list of Longhorns, seeking to protect the 3,223 mark by Texas last year, finished third behind the stirring Sooners and Michigan's Wolverines in a race in which Oklahoma appeared to have the lead. Six of the contracts mailed to prospective participants in the 1942 annual Pontiac Invitational holiday basketball tournament have been signed and returned, Wayne Foley, tourney manager, reported today. The five contracts still out are expected to be returned by Friday.

Signed contracts have been received from Centralia, tourney chairman, and from the Great Lakes area, where the tourney is being held. The tourney is being held at the 2146 Port Wayne, owned by the Bickleys.

Ray Cochran, the former Indiana basketball player, was the runner-up in the 1941 tourney. He is now running the Great Lakes naval training station, was featured in a special 440-yard low hurdles race.

At least five men, including the defending champions, Don Boydton, Oklahoma A. and M. and Keith Buckner, Notre Dame, were expected to be able to win the 20-year-old 6 feet, 6 inches high jump mark today.

Bill Williams, Wisconsin, and Harold Hunt, Nebraska, were the favorites in the pole vault and the 120 yard dash. The pole vault was won by Bill Fitch of Minnesota (159 ft. 6 in.) and the 120 yard dash was won by Bill Fitch of Minnesota (159 ft. 6 in.).

Other individual championships—the discus and broad jump—were won by Bob Fitch of Minnesota (159 ft. 6 in.) and the 120 yard dash was won by Bill Fitch of Minnesota (159 ft. 6 in.).

Legion Fives Play Sunday In Bloomington

Kankakee's Sons of American Legion basketball teams, defending state champions, had for their second straight championship Sunday afternoon at the Illinois State Fairgrounds in Bloomington. It was announced here today, Kankakee's teams won the title. A group of Legionnaires, headed by Ed LeBeau, former commander, are staging a chicken supper for the youngsters this evening at 5 o'clock.

They usually rivals. The Kankakee Brown and Donovan basketball teams will jump the two other Northeastern Illinois basketball teams and open their league season at Donovan tomorrow, with a doubleheader. The two teams were scheduled to play here on May 31, but as both outfits were idle tomorrow, their respective managers got together recently and decided to move up the date. It will give both teams an opportunity to book other competition on their May 31 dates. The rest of the Northeastern Illinois league teams will start play next Sunday.

Tomorrow's twin bill at Donovan has a couple of interesting angles. The two former teammates will become rivals when "Pim" Goff of Donovan plays against "Duke" Goff of Kankakee. Several years ago, Goff and Ahrn were fellow pitchers for Illinois State Normal. Today, Goff is a coach and Ahrn is a player. May Quit Baseball

Star pitcher of the St. Louis Browns, Eldon Auker, above, has indicated he may quit baseball to accept a full-time job in the Detroit industrial plant now engaged in war production.

Auker, who has been in the majors for nine years, is playing with Detroit. Boston and the Browns. He has won 116 games against 88 losses in that time.

Harder Is Hero Of Cleveland's Win

By YESTERDAY'S STANDS

Bob Harder, Indians—Shut out Browns with four-hit hurling.

Frank McCormick and Ival Gooden, Reds—McCormick hit three-run homer and Gooden had perfect day at plate with four hits to overpower Pirates.

William Marshall, Giants—Hit two-run homer led attack on Braves.

Phil Marchiondi, Athletics—Pitched four-hit ball to beat Senators.

Bob Patrick, Tigers—His home run with two out in ninth inning sent out White Sox.

Frank Horst, Danny Litzler and Ben Warren, Pirates—Combined to shut out Cardinals, although needing help in ninth.

DeMolines, Ill. Colan Wins; Fails To Knockout Foie

Chicago, April 25—(AP)—Johnny Colan, the New York boxer, failed to convert Chicago's Altus Allan into his seventh straight knockout victim in local rings last night but made enough of a fourth in the early rounds to record his seventh championship in a row today, by a 10-round decision.

Colan, who has won 10 fights, including his last one, a 10-round decision over a former champion, failed to knock out Foie in the fourth round. Colan, who has won 10 fights, including his last one, a 10-round decision over a former champion, failed to knock out Foie in the fourth round.

The two teams were scheduled to play here on May 31, but as both outfits were idle tomorrow, their respective managers got together recently and decided to move up the date. It will give both teams an opportunity to book other competition on their May 31 dates. The rest of the Northeastern Illinois league teams will start play next Sunday.

Tomorrow's twin bill at Donovan has a couple of interesting angles. The two former teammates will become rivals when "Pim" Goff of Donovan plays against "Duke" Goff of Kankakee. Several years ago, Goff and Ahrn were fellow pitchers for Illinois State Normal. Today, Goff is a coach and Ahrn is a player. Bergen and McCarthy's Visit To Fibber McGee Makes Fun

The hectic experiences of a famous radio ventriloquist and his little protegee when their airplane is forced down in the sleepy village of Wistful Vista provide the hilarious theme of "Look Who's Laughing," starting Sunday at the Paramount.

Starring such radio and screen favorites as Fibber McGee and Molly, Edgar Bergen, Charlie McCarthy, and Lucille Ball, the sparkling comedy presents Bergen and his little pal, McCarthy, in the turbulent business affairs of Fibber McGee, head of the Wistful Vista Chamber of Commerce. McGee's blundering efforts to interest a big airplane manufacturer in building a factory on a seedy local airport, and the underhand methods of a crooked real estate man to gain control of the property beforehand, make for uproarious comedy. How Bergen and his sweetheart-secretary, Lucille Ball, manage to extricate McGee from his tangled affairs, builds toward the riotous climax.

Produced and directed for RKO Radio by Allan Dwan, "Look Who's Laughing" also features Lee Bon-

ber McGee and Molly air show as Gildersleeve, Mrs. Uppington, Old Timer and Sis.

At Majestic Sunday

Here are Bill Powell and Myrna Loy in a scene from the new "Thin Man" drama, "Shadow of the Thin Man," opening Sunday on the Majestic screen. It looks like there's danger ahead. Says Bill to Myrna: "Now, remember, Mommy! If any trouble starts, you dive right under the table. I'll join you there!" The co-feature is "Buy Me That Town," with Lloyd Nolan and Constance Moore.

"Tain't Funny, McGee!"

But Molly is wrong for once, because RKO radio's new feature, "Look Who's Laughing," is one of the funniest films ever made in Hollywood. "Look Who's Laughing" presents the fuddled Fibber and Molly in their screen debut, and for extra good measure the picture also stars Edgar Bergen and Charlie McCarthy, and Lucille Ball. Almost all the folks from Wistful Vista are on hand, too: Gildersleeve, Mrs. Uppington, Old Timer and Sis. Starts Sunday at the Paramount.

Electric Ear Is New Way To Discover Oil

Instruments And An Explosive Charge Are Used Together

Denver, April 25—(AP)—Scientific ears that can hear 20,000 feet down in the ground are taking the guesswork out of oil prospecting.

The oldtime wildcatter, sniffing across the prairie for oil and fortune, used to sink a hole near a likely buffalo skull and hope for a gusher.

More often than not his reward was just an oily drill. He had spent \$40,000 drilling a very deep hole in the ground.

That same wildcatter is still looking for oil today—they never quit—but his chances are 50-fold better now. He will get what he's after.

Modern Method
Wallace E. Pratt of New York, director and vice president of Standard Oil of New Jersey, explained the modern method of searching for oil.

The prospector equips himself with a seismic instrument, some geophones and a dynamite charge, and sets out across the rolling hills.

He picks a spot, sets up the seismic recorder, scatters the attached geophones, something like the ordinary telephone receiver, over two counties and touches off the dynamite blast.

Reverberations penetrate the earth, from 10,000 to 20,000 feet, bounce back to the geophones and record on the seismic machine the density of earth layers.

Sometimes the instrument shows a good solid reflecting bed. If the record of the distances from the earth's surface to the bed indicate the bed is flat, that's bad. There's little chance that any oil is lying under it. But if the bed is arched a little, that's good. There might be oil bunched up under that dome.

UNIFORMS RARE AT LIBRARY
Richmond, Va., April 25—(UP)—The Richmond public library's idea of keeping the reading room open on Sunday afternoons for soldiers and sailors didn't work out so well. During the first month of the new plan, only four men in uniform visited the library on Sunday.

Rubber washers made of synthetic rubber and used on faucets are said to last four times as long as those of natural rubber.

Senator Says Axis Outbuilt In Ships, Planes

Washington, April 25—(P)—Discounting reports that the maritime construction program was lagging seriously, Senator Bailey (D-NC) declared today that the United Nations were fast forging the weapons which would smash the Axis by outbuilding Germany and Japan in ships and planes.

Bailey, who is chairman of the senate commerce committee which handles merchant marine matters, said his investigation had convinced him that the cargo ship construction program was going ahead rapidly despite hindrances in the form of materials shortages and some labor disturbances.

He pointed to a recent report that the United States alone produced 3,300 military planes last month and said he learned that Britain also was making tremendous production strides.

"We are going to beat the Axis by producing enough ships and planes to smother Germany and Japan," Bailey told reporters. "We're going to have the ships to carry the war equipment and the men, and we are going to have the planes to protect those ships and to blast the enemy off the seas."

Asserting that the convoy system of transporting materials to England and Russia had proved highly successful, Bailey said he regarded submarine sinkings along the Atlantic coast as disturbing but not yet a serious threat to the war effort.

WHAT WAS THE MARSHAL DOING?

Comanche, Okla., April 25—(UP)—Cattle rustling ain't what it used to be. The city marshal here reported that he saw several men stop their big sedan along the highway, grab a calf from a nearby field, cram it into the trunk compartment at the rear of the car and drive away.
